PowerPoint templates

## Overview

Presentations play an important role in building our brand. To help you maximize the effectiveness of your presentations we have carefully developed PowerPoint templates which meet our branding requirements and can be used for a wide range of presentation needs.

## Legal guidelines

It is critical that every HPE employee, our agencies and partners, understand the legal guidelines pertaining to the creation of PowerPoint presentations. These guidelines help safeguard our company from potential legal claims against HPE.

## Download templates

HPE PowerPoint templates have been developed to support all your presentation needs, and are characterized by the background colors for each of the slides. The use of templates allows every employee to create branded, well-designed presentations, no matter what your level of expertise is with PowerPoint.

**Make your life easier** and save time with our customizable content slides built to meet all needs and applications.

**Make your slideshows stand out** and keep your audience engaged with our specially-created images, charts, tables and more.

**Help HPE build a consistent company identity.** Our templates are formatted to meet all of the brand guidelines for color, tone and font.

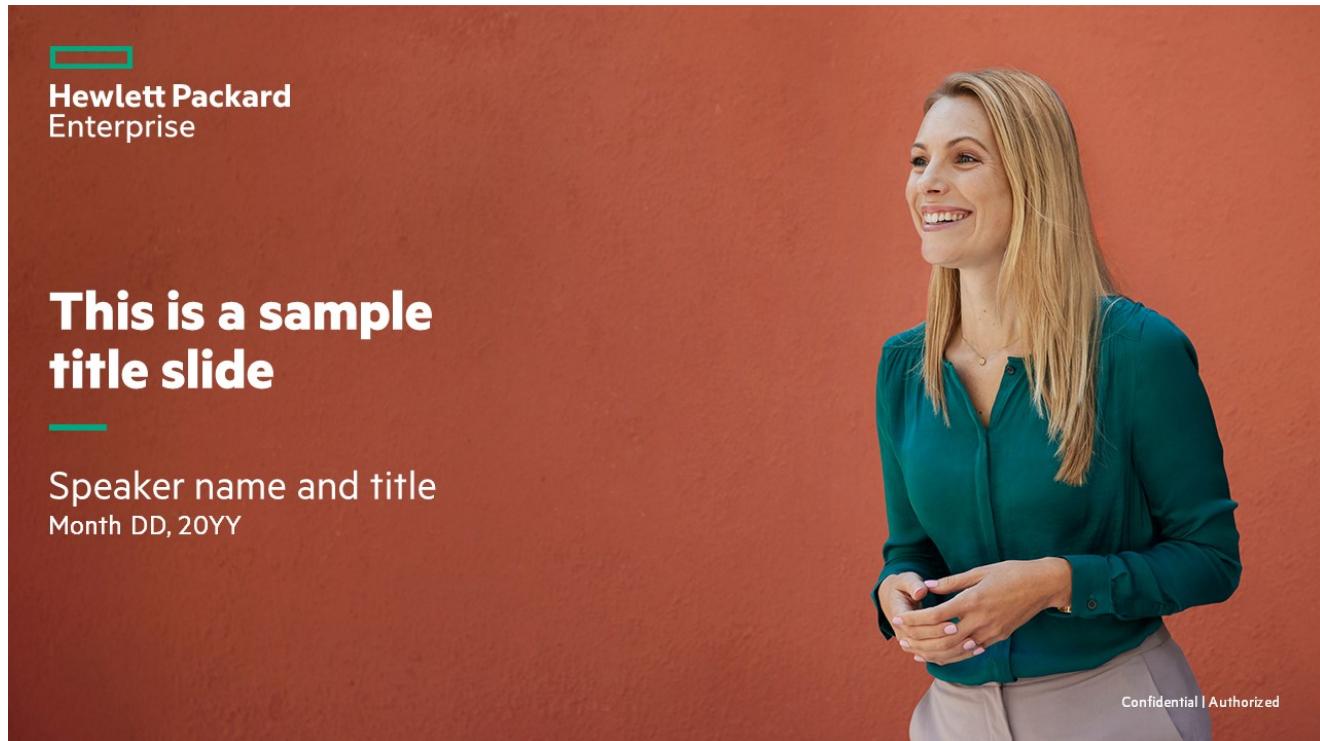

## HPE standard 16x9 templates

---

In our HPE Standard 16x9 template, we focus on bright, positive imagery and bright colors on a white background. This template should be used as the foundation for all presentations created for HPE.

Black templates should be used for special events where bright backgrounds may be overwhelming. This template is available from the [events](#) page.

## Layouts

---

We have over 45 different layouts available for white and black templates.

## Special use templates

These templates available below are designed for specific use.

### Arial templates

For languages with alphabets not supported by MetricHPE (Hebrew and Cyrillic), please contact the Global Brand Team to obtain an Arial version of the templates.
